Arrival in Dubai.

The team has just arrived at Dubai International Airport. All of them, with the usual exception of Mike, are excited to attend this year's MEDLAB Exhibition & Congress, 4 - 7 February to witness the launch of a game-changing new product from CellaVision. First stop at the convention will definitely be the CellaVision booth # Z4.F39 where Digi is invited to talk about her involvement in the development of the CellaVision DC-1.

Look out for the next issue in February.
